General Plan Update

Town Hall Community Meeting

Saturday, June 21

9 am – 1 pm

Bonita Vista High School Gym, Chula Vista

What is the General Plan?

The General Plan is the City's 20-year vision and plan to guide future growth and development. It identifies how land will be used, where roads and other necessary public facilities will go, and how natural resources will be protected.

Two reports, "Preliminary Issues" and "Draft Vision & Goals," have been prepared and completed as a result of previous outreach and the input of four citizen committees. The City is now ready to begin assembling potential land use and transportation changes to be studied.

Why should I attend?

The City has reached a critical point where we need to hear more from the public to help define the options for the City's future growth and development that will be studied further in the General Plan Update. The Town Hall meeting will provide the public with:

- **An orientation on the City's General Plan Update.**
- **An opportunity to voice ideas on future land use & transportation changes.**
- **An understanding of the next steps in the process, and how to stay informed & involved.**

For more information:
